Chamberlin Promoted to Director of Specification Practices

KANSAS CITY, MO. — Wendel Chamberlin, RA, CCS, was promoted to Director of Specification Practices at Ellerbe Becket.

Chamberlin has been with Ellerbe Becket for more than seven years, most recently as a Senior Project Specifier in the Kansas City office. In his new position, Chamberlin will create the vision for the specification process and will have responsibility for developing and maintaining the specifications practice group's expertise, tools and resources. He will supervise the practice group members who provide research, specifications and knowledge to the various project teams.

Chamberlin has specified more than \$1 billion of construction for sports facilities worldwide. Prior to joining Ellerbe Becket, he worked in project management in Minneapolis.

He received bachelors and masters degrees in architecture from the University of Wisconsin–Milwaukee. He is a registered architect in Wisconsin and is a Certified Construction Specifier. Chamberlin is a past president of the Kansas City Construction Specification Institute (CSI) and was recently elected President of the CSI North Central Region.

Ellerbe Becket is a global leader in design, engineering and the construction industry with 12 offices worldwide. The firm celebrating its 90th anniversary in 1999. Ellerbe Becket currently is ranked the country's second largest architecture and engineering firm by *Building Design & Construction* magazine.
